FOOD PROCESSING MACHINERY

**RICE COOKER**

# **PRESSURE-FLOW® CONTINUOUS RICE COOKER**

TRUST IN LYCO'S 50 YEARS OF INDUSTRY-LEADING EXPERIENCE DESIGNING INNOVATIVE COOKERS AND COOLERS FOR FOOD PROCESSING SYSTEMS.

Our Pressure-Flow® continuous cooker has ten years of research contributing to its success. Lyco's numerous design and process innovations have increased production, improved sanitation and provided uniform product results.

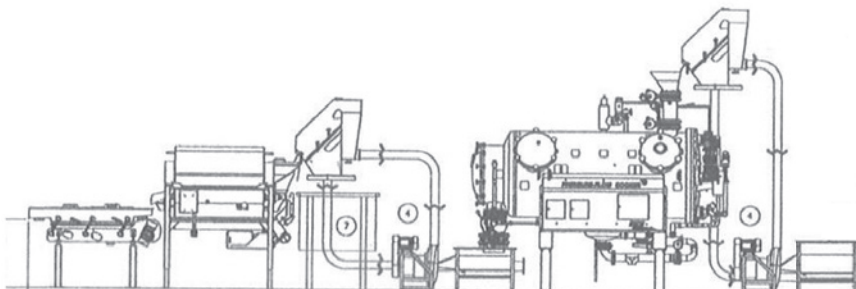

## **BENEFITS:**

- Reduce cook time 50%
- Retain 11% more starch
- Higher yield 67-72% moisture
- Uses less energy
- Uses less water
- Less water waste

SEND US YOUR RICE AND OBSERVE IT RUNNING THROUGH OUR LABORATORY LINE

Testing in our Laboratory indicates that it can reduce water usage by 90%, a tremendous leap forward in sustainability.
